

To Whom it Concerns:

I am concerned about the proposal to expand the LPFM stations in a way that would allow them to take priority over current FM translator services. Hundreds of thousands of peoples listen to K-LOVE on these FM translators.

K-Love serves me as a resident of my community and so many other residents of the surrounding Sioux City community. It would be a disservice if we were not able to get K-Love.

It would be an adverse affect on the local community if K-LOVE were displaced by and LPFM boradcaster providing other programming. There isn't enough family radio as it is, and it would be a terrible thing if you were allow this to happen.

The service provided by K-Love provides an excellent alternative to many different types of listeners in the community. It provides a station for families, single people, rich people, poor people, etc. It reaches so many people and provides valuable information and family music. K-LOVE supports wholesome values and has a postivie impact on communictes across America which is what our nation needs right now. Again, it would be a terrible disservice if you allow LPFM priority over FM tranlator service, leaving us without our K-Love signal.

Thank you.
Jenny Stephens
